Canyon Lake Men's Golf Club Mission Statement

- Promote Honesty and Integrity in the game of golf.
- Promote the enjoyment of, and participation in, the game of golf for all members.
- Arrange games and tournaments that are fun, fair and inclusive.
- Provide financial disclosure and administer the Club's assets in a professional and business like manner.
- Promote sportsmanship and care for the golf course.

President's Message *by* **Bruce Wallace**

Well, it looks like Summer decided to come in with an extreme heat wave and the "diēs caniculārēs" or "dog days" of Summer will be here for a while! Given the weather outlook, I suppose we should be thankful we do not have any major tournaments scheduled until our Stag Day Tournament on September 11th. However, it remains a great time to get out and enjoy our course while playing in our Wednesday Games, Twilight golf, Horseraces or the many other informal group's games that embody Canyon Lake golf!

I want to extend congratulations to Nixon Lauritzen, a junior member of the Men's Golf Club, who was one of only 20 high school male golfers to advance to the CIF Southern Section golf championship. Just a freshman at Temescal Canyon High School, Nixon competed against many graduating seniors in the CIF Individual Championship. Although his inaugural effort fell short of final victory, I am confident that Nixon's passion for the game of golf will continue to drive him to even higher achievements in the future.

Now that the pandemic is becoming a bitter memory, it's a good time to remember to rake the bunkers and place the rakes back in the bunker when you are finished playing your shot. A good rule of thumb is to leave any bunker you are in, better than you found it. If we all do our part, it will make for a better bunker experience for everyone. I also anticipate we will continue to be able to take relief from conditions and materials related to the irrigation project throughout the end of July. Bear in mind that efforts to regenerate turf damaged by the irrigation project, coupled with the extremely high heat of late, means excessive watering is possible in some areas. Keep your eyes on the region in front of you and try to avoid driving through obvious areas of soggy turf. It will help our course recover faster and you won't have to clean the mud off your golf cart as often!

On another note, please remember that the green plastic baskets at the driving range are not to be removed from the range. If anyone has previously taken a basket home with unused driving range balls in anticipation of hitting them later, please return the baskets immediately, as baskets available to golfers on the range is at an embarrassing low level. I know Pat Kemball will appreciate it, as will the numerous golfers on the range each day.

At our June Board meeting we approved Mike Pinto to assume the duties of Director and he has been assigned Membership & Rules Director. This will allow John Reed to focus his duties as Handicap Chair. One of our efforts over the next few months will be to review and accurately update your personal anniversary date of joining the Men's Golf Club. Andrew Quinn, our Publicity Director, enjoys highlighting this information in the Bulletin, but some of the data has been corrupted over time. Andy, along with Membership Director Mike Pinto and Club Historian Travis Montgomery, would appreciate an email from you confirming your Men's Club join date.

As always, if you feel that there is something that we as a Board could do to make our Club better and more enjoyable, please reach out to me or any of our Board Members to share your thoughts.

Remember to drink lots of fluids, play your best, and have fun!

**President's
Message**
by
Ina Pickard

Tournaments are back in full swing again. We all enjoyed another Twilight Golf on Friday, June 18. It was three clubs and a putter, which made it a little more challenging but lots of fun. Our next Twilight is scheduled for July 9th. Can't wait to see what the Yarbroughs have in store for us then. Hope to see all of you there.

Thank you to Linda Kamashian, Barbara Spraul, Kay Arth, Elaine Grady and Jeannette Williams for all your work on the President's Cup tournament. Due to the extreme heat on the June 15th, when the first day of our two day tournament was scheduled, we were able to move the tournament to June 22nd and finish up on the 29th with our awards and luncheon. Unfortunately, I won't have the final results before this goes to print. The leaders on day one in each flight are: A flight, Gerry Meeks by 2 strokes; B flight, Victoria Wood with a whopping 9 stroke lead over her flight, and C flight leaders are Linda Hudson, Elaine Grady and Kathy Homewood, all tied with a 1 stroke lead. Stay tuned for the final results and good luck to all the participants. Our next tournament is the couples eclectic on July 13th and 20th. That is always a fun tournament. Be sure to sign up ASAP for that one. It is a couple's game but you may also pick your foursome. If you don't have a foursome, sign up anyway and the committee will put you with another couple.

The most improved player for June was Lorri Applegate, followed by KK Beecher, Rita Crocker, Ina Pickard and Dawn Haggerty. Rita is our newest member, she came to us from the Niners. Welcome Rita.

Last month's SB&R was at General Old Golf Course. This month's SB&R will be at one of our newer SB&R member clubs, Yucaipa Golf Course. If you are interested in becoming a member, contact our SB&R Rep, Darlene Cortez.

It's hard to believe it's time to start thinking about our 2022 Board. Some of our current Board members have only served one year and may choose to keep their current position for another year. If you are interested in serving on the Board for 2022 contact our nominating committee, Linda Kamashian, Barbara Spraul or Valerie Montgomery. Serving on the Board is a great way to support your club and very gratifying. We all started somewhere, learned as we went along and made some great friends in the process.

Ladies, if any of you are interested in attending our Henderson getaway during the golf course closure, please contact Joanna Spiller.

Just a reminder, we are now back to raking our bunkers. Be considerate of other golfers and rake your footprints. Also, remember after leaving bunker tap the sand off your shoes before walking on the green. My best advice is to avoid getting into the bunker in the first place! Remember to stay hydrated during the hot weather.
Ina Pickard, President CLWGC

Ross Hanover	1	HOLE 7

Greg Leathley had a great birthday on Monday June 7th. He turned 75 and shot a 71. His playing partners knew it was his day when he made Birdie on the first two holes. Speaking of 71, four years ago on his 71st birthday he shot 71.

Club Championship

Congratulations to Marcus Schonabaum for being our 2021 Club Champion!

After three days of play, the top four gross scores among all players play for the Club Championship over an additional 18 holes in the afternoon. The top four players began as follows: Marcus Schonabaum - 232; Jon Keigwin - 236; Ryan Hambricht - 237; Neil Schlesener - 241

Through the front nine, the play went back and forth with Marcus holding the lead after nine holes by 4 over both Jon and Ryan. Then the back nine began...on hole #14 Ryan began a charge by making birdies on #14 and #16 to take a one stroke lead over Marcus and three strokes over Jon heading into #17. After #17, Marcus had the lead by one over Ryan and two over Jon. On #18 we finished with Marcus making 6, Ryan making 7 and Jon making a nice 5. It was very exciting coming down the stretch to the final hole! Marcus Schonabaum is our Champion for 2021 at 305, runner-up is Jon Keigwin at 306, third place held by our defending champion Ryan Hambricht at 307, and fourth place Neil Schlesener at 323.

It was a great afternoon of golf. Thank you to all who followed the players and supported this exciting event.

All participants in the championship competed with members of similar handicaps broken into five flights.

Congratulations to the following winners.

Net Flight 1- Mike Sanders 221

Net Flight 2- Jesse Beecher 218

Net Flight 3- Mike Pinto 217

Net Flight 4- Dudley Thompson 221

Net Flight 5- Oscar Rowland 219

Mike Pinto was the low net player of the tournament and will represent Canyon Lake in the annual SCGA tournament of champions.

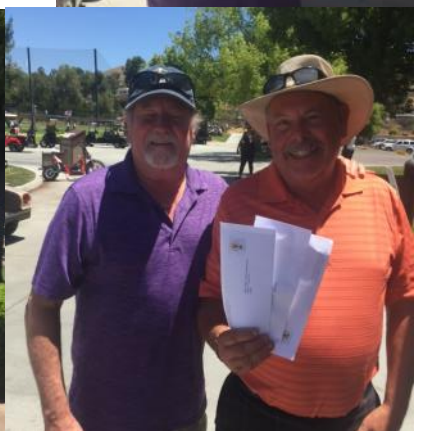

We also had our senior players competing against others in their age group. The top finishers were:

Senior Division - Marcus Schonabaum 232

Super Senior Division - Mike Sanders 236

Masters Division - Fred Finger 255

A list of all the top finishers, by category are in the following tables.

2021 CLMGC Club Championship

Club Champion Gross	Rd 1	Rd 2	Rd 3	Rd 4	Total		Senior Divison	Rd 1	Rd 2	Rd 3	Total

A MESSAGE FROM YOUR CLUB HISTORIAN

What was happening 35 years ago?

The Men's Golf Club President's mid-year 1986 Bulletin Message:

"As we pass the halfway mark in your Board's term of office, it might be well to look back at accomplishments thus far and then look ahead at happenings still to come.

Continued growth in the club's membership deserves special mention as the membership count went over the 300 mark.

The first half of the year includes the agonizing wait for the old clubhouse to disappear and the work on the new building to actually commence. A once in a lifetime experience was the move to the temporary facilities, seeing individuals and groups adjust to the crowding and inconvenience and acceptance of the fact that it is all temporary and relief from it all is taking place just a few hundred feet away.

Memorable indeed during this first half were the highly successful major tournaments including the Member-Guest, the Hobo and the currently in progress Club Championship.

Not to be forgotten was the determined, unrelenting and ultimately successful fight for a cause that was believed to be right, the crusade against a 16% increase in annual green fees. The combined efforts of the golfing sector in their letters, petitions and presentations to the P.O.A. Board led to the proposed 16% increase being scaled back to 8%.

An outstanding event, to say the least, was the auctioning of the old tee markers to nostalgia minded members which raised the astonishing sum of \$1, 385.00 towards the landscaping of the new clubhouse." Bob Caveney, President

Some other information circa the mid-1980's –

- Bab Caveney, the Men's Golf Club President in 1986, has a POA park named after him. It's on Early Round Dr. and you can see it from the 16th fairway on the right side, as you start up the hill to the green.
- In the Hobo Tournament mentioned above in the President's Message, current member Hugh Waggoner and his wife Sandy won first place in the couple's flight and they dressed as Hobos.
- In 1981, the President's Message opened with "A new clubhouse appears to be just around the corner".Herculean efforts....has resulted in a tentative go-ahead by the P.O.A. Board....Construction estimates approach \$250,000, an amount that must be guaranteed by the Men's (Golf) Club prior to final P.O.A. approval. (underline added)
- Construction on the new clubhouse (today's existing clubhouse) started in 1985!

Meet Two New Directors

Two vacancies have recently occurred on the Men's Golf Club Board of Directors. President Bruce Wallace has made the following appointments to fill the vacancies. Please thank Eric and Mike for stepping forward to serve.

Eric Schrader – Treasurer

Eric returns to the Board to serve as Treasurer. Eric is a native of Canada and spent his entire working career, 36 years, at IBM. He moved to Canyon Lake in 2017 from San Jose, CA to be closer to a daughter who lives in Canyon Lake and one in San Diego. He was married for 53 years and his wife passed away in 2017.

Eric is a graduate of Florida University with a degree in Electrical Engineering. His career at IBM, the only place he worked, included working on the San Francisco Bart System (rapid transit), the Saturn Space Program and the IBM Tape Library Automation Systems. His work included business trips to Europe and Asia. In China, he walked the Great Wall of China (at least part of it) and visited Tiananmen Square. He was surprised when travelling to the Chinese oil fields to be suddenly stopped by a rope across the road by locals requesting a toll. A few Yuan and he was on his way.

You'll find Eric on the golf course weekly, either playing or working as a member of the TWG. At other times he can be found with family, playing Mexican Train or Chair Volleyball. He keeps active and says he "loves the friendship and the amenities in Canyon Lake and tries to stay healthy and to live each day to its fullest". Your Treasurer – **Eric Schrader**

Mike Pinto - Membership Director

A native of Raynham, MA, Mike found his way to California courtesy of Uncle Sam. At one time he considered being a teacher. He knew he wanted a challenge and perceived the United States Marine Corps as a huge challenge and chose that path. Trained in electronics and stationed at Camp Pendleton, he fell in love with California and "that's all she wrote". He and his wife of 32 years, Claudia, have three adult children, a son and two daughters. In 2018 they bought a home in the Audie Murphy development and joined the Men's and Women's Golf Clubs. In 2020, they purchased a home in Canyon Lake.

As did his fellow new Director, Mike worked 36 years for the same company most of his entire working career. The company manufactures a variety of medical devices, ventilators, lung function diagnostic systems, sleep diagnostic system, etc. His job in manufacturing, engineering and service required him to travel to many foreign countries, the Netherlands and Germany in particular, as well as throughout the United States.

In 2019, when Claudia retired, they bought a motorhome and started seeing more of the country they called home. Their longest trip to date is six weeks, visiting throughout California, Oregon and Washington. Mike plays golf a minimum of three times each week. He and Claudia like to play different board and card games, always involving a group of friends, "which is really the purpose of enjoying those games", Mike says. He also says "We have found the community of Canyon Lake to be very welcoming and most certainly one of the most interesting and unique places we've been".

Your Membership Director – **Mike Pinto**

Instructions for determining the Most Improved Golfer

Add 12 to the player's Handicap Index at the start date. This value is A. Add 12 to the player's Handicap Index at the end date. This value is B.

Divide value A by value B, calculating to three decimal places. This is the improvement factor. The player with the highest improvement factor should receive the most improved player award.

Example:

Starting Handicap Index: 24.3 | Ending Handicap Index: 16.2

Value A: 24.3 + 12 = 36.3 | Value B: 16.2 + 12 = 28.2

A / B: 36.3 / 28.2 = 1.128

Improvement factor: 1.128

A Journey through the Rules of Golf....

Continuing in Section Two of our journey, **Taking Relief**, we will be discussing the topic of Out of Bounds/Lost Ball/Provisional Ball.

If you hit your ball out of bounds or lose it (you have three minutes to search for your ball before it becomes lost), your only option is to go back to the spot of your previous stroke to play under stroke and distance. The only exceptions to this are if your ball is lost in a penalty area (when you can use any of the penalty area relief options) or lost in an abnormal ground condition or in an obstruction.

A final exception is when a new Local Rule which provides an alternative to stroke and distance relief is in effect. This Local Rule is recommended for casual play and not for competitions involving highly-skilled players. If it is in effect, for two penalty strokes, you can estimate the spot where your ball is lost or went out of bounds and then find the nearest fairway edge that is not nearer the hole than the estimated spot. You can drop a ball in the fairway within two club-lengths of that fairway edge point, or anywhere between there and the estimated spot where your ball is lost or went out of bounds.

If you think that your ball might be out of bounds or that you might not find it, you can play a provisional ball to save time. You must announce that you are playing a provisional ball before doing so. If you are then unable to find your original ball, or you find it out of bounds, your provisional ball is your ball in play under stroke and distance, and you don't have to take the time to walk all the way back to the spot of our previous stroke.

Here are some of the frequently asked questions from our members:

I can't find my ball after searching for three minutes - what are my options?

If you can't find your ball within three minutes, it is lost. Because it is lost, you must return to the spot of your previous stroke and play another ball from there for one penalty stroke (see Rule 18.2b).

I have interference from an out of bounds fence, stake or wall - what are my options?

You do not get relief from objects that define or mark the course boundary. You may not move objects marking course boundaries or take free relief from them like you would from other artificial objects, like a cart path, a building, or a stake marking a penalty area. Your options are to play your ball as it lies, proceed under penalty of stroke and distance by playing again from the spot of your last stroke (see Rule 18.1), or decide your ball is unplayable (see Rule 19.1).

May I remove and out of bounds stake?

No, objects marking the course boundaries may not be moved. If you do move one of these objects before you play and doing so makes your next stroke easier in any way, you must put it back before you make a stroke. If you don't, you will lose the hole in match play or get two penalty strokes in stroke play (see Rule 8.1a and Rule 8.1c).

I think my ball is stuck in the ground, but I can't find it - how do I proceed?

If you can't find your ball within three minutes, it is lost. Because it is lost, you must return to the spot of your previous stroke and play another ball for one penalty stroke (see Rule 18.2b).

Here are some definitions that pertain to this section:

Lost:

The status of a ball that is not found in three minutes after the player or his or her caddie (or the player's partner or partner's caddie) begins to search for it.

If the search begins and is then temporarily interrupted for a good reason (such as when the player stops searching when play is suspended or needs to stand aside to wait for another player to play) or when the player has mistakenly identified a wrong ball:

- The time between the interruption and when the search resumes does not count, and
- The time allowed for search is three minutes in total, counting the search time both before the interruption and after the search resumes.

Out of Bounds:

All areas outside the boundary edge of the course as defined by the committee. All areas inside that edge are in bounds.

The boundary edge of the course extends both up above the ground and down below the ground:

- This means that all ground and anything else (such as any natural or artificial object) inside the boundary edge is in bounds, whether on, above or below the surface of the ground.
- If an object is both inside and outside the boundary edge (such as steps attached to a boundary fence, or a tree rooted outside the edge with branches extending inside the edge or vice versa), only the part of the object that is outside the edge is out of bounds.

The boundary edge should be defined by boundary objects or lines:

- **Boundary objects:** When defined by stakes or a fence, the boundary edge is defined by the line between the course-side points of the stakes or fence posts at ground level (excluding angled supports), and those stakes or fence posts are out of bounds.

When defined by other objects such as a wall or when the Committee wishes to treat a boundary fence in a different way, the Committee should define the boundary edge.

- **Lines:** When defined by a painted line on the ground, the boundary edge is the course-side edge of the line, and the line itself is out of bounds.

When a line on the ground defines the boundary edge, stakes may be used to show where the boundary edge is, but they have no other meaning.

Boundary stakes or lines should be white.

Provisional Ball:

Another ball played in case the ball just played by the player may be:

- Out of bounds, or
- Lost outside a penalty area.

A provisional ball is not the player's ball in play, unless it becomes the ball in play under Rule 18.3c.

For further knowledge of this section please read **Rule 18 Stroke-and-Distance Relief; Ball Lost or Out of Bounds; Provisional Ball.**

Congratulations to this year's Presidents Cup winner Tom Faia who beat Mark Wagoner on the second extra hole. What a great finish. The Presidents Cup is one of the few tournaments that use the match play format. This year's field started with 64 players and matches extended for nearly seven weeks as the winners advanced through the ladder.

First round losers were put in a consolation bracket and played single elimination toward the Vice Presidents Cup. Andrew Quinn beat Alan Horst 5 and 4 for the title.

Match play is a scoring system for golf in which a player, or team, earns a point for each hole in which they have bested their opponents; as opposed to stroke play, in which the total number of strokes is counted over one or more rounds of 18 holes. In match play the winner is the player, or team, with the most points at the end of play. If players are tied at the end of 18 holes, then the first player to win a hole wins the match.

If you are interested in more competition using the match play format, keep an eye out for the Team Play season or consider participating in the Temecula Valley Golf League (TGVL)
