## President's Message

by  
**Jon Evans**

December is here, that means that this will be my last President's message to the membership. Since we just observed the Thanksgiving Holiday, I would also like to give thanks. Our club requires the help of many to function smoothly. I would like to first thank all the guys who worked on this year's Board for your time and efforts in running the club this year. Thank you to all the members who volunteered to help run our Wednesday game, Chuck Newsome has done a great job switching us over to a new golf program and he had several guys who worked weekly to help signup, collect money and record scores. Thank you to all the men who work on the Tuesday work group to help clean up and beautify our golf course. Thanks to Mark Louder, course superintendent, and the Brightview crew that works to keep our course in great shape. Last but certainly not least, I would like to thank Pat Kemball, and his staff that work tirelessly on our behalf.

Most of our SCGA memberships are due now, please renew online or in the Proshop. Last month we had our Fall Member/Member, there was almost 100 players who participated in this event. Congratulations to all that played well. Our last tournament of the year is the Christmas tournament that has been moved to Dec. 15<sup>th</sup>. Please consider playing in this tournament that will have dinner that evening. Our new President and Board of Directors will be installed, and we will be recognizing our Golfer of The Year.

I enjoyed the opportunity to serve as the President of the Canyon Lake Men's Golf Club and look forward to seeing you all at the course next year.

Jon Evans  
President

## President's Message

by

*Ura Furry*

In ending my second year as your President, I was honored and enjoyed the two years. I want to thank my board and all the committees for making my job easier and successful.

Our appreciation luncheon went very well, had 30 ladies out of 49 who was invited. By volunteering your services throughout the year in running tournaments working on committees, being on the board, I want to thank you.

Our final tournament of the year is our Christmas and Installation of 2020 Board. Hope you are getting your teams together and sign up. It is always a fun day and to end our great year.

I hope you all will give your new President Ina Pickard and her board the same respect and help you gave me.

Our most improved golfer for Oct was Wendy Eddy. Our November Low Gross was Kathy Werder with a 96 and Low Net was Linda Hudson with a 71. Great job ladies!

We are ending our year with SB&R by playing here at Canyon Lake on Dec. 5<sup>th</sup>. I want to congratulate KK Beecher for winning over the field Low Gross. I also want to thank Darlene Cortez for being our Representative for this year and next. I will be President of SB&R next year also. We won 354 points and won 1<sup>st</sup> in our Division so thank you ladies. Hope you will renew your membership and those of you who didn't play last year, it's a good way to meet new ladies and have fun. We have 10 courses we will play next year, and Dos Lagos is in the process now of joining SB&R so that will give us 11 courses.

Our Thanksgiving Tournament was November 23<sup>rd</sup> and always a great tournament. Lots of fun! I want to congratulate the winners.

Again, thanks for supporting me the last two years, I enjoyed it.

I hope you have a Merry Christmas and Happy New Year and a Year of good health.  
Ura Furry CLWGC President

# Where to Place the Bunker Rakes?

There have been a number of comments about where to place the bunker rakes so they won't affect play. The Green Committee has addressed this issue and decided to make a change. In the past the committee has adopted the USGA recommendation to place the rakes outside the bunkers. Some members felt that was a problem when a ball would strike the rake and go in the bunker or interfere with an otherwise good shot. The Green Committee discussed the option of placing the rakes at the bunker edge to avoid affecting a good shot and for easy access for the players. This wasn't a practical solution since the rake could prevent the ball from rolling to the bottom of the bunker and leave the golfer with a more difficult shot. One that might leave them to deal with the bunker edge and/or the slope.

A third option was discussed to place the rakes in the bottom of the bunkers. This would be helpful to the maintenance crew and would be the best option to keep the bunker rakes out of play but will require players to enter the bunker to retrieve the rake, rake their tracks and throw the rake back to the center of the bunker after their shot. While it is not a perfect solution the Green Committee has decided to adopt a new policy to have all bunker rakes placed in the bottom of the bunkers.

The Green Committee would like to encourage everyone to follow the recommendation and thank you all for your cooperation with the new policy and place the rakes in the bottom of the bunkers.

The Green Committee meets the second Thursday of every month at 1 pm in the Magnolia Room. We encourage you to attend if you have any questions or comments about the golf course.

## Getting to Know Amanda McGrath, CLCC Restaurant Manager

I was pleased to sit down recently to talk to our Country Club's new Restaurant Manager, Amanda McGrath. I quickly came to understand that she is approaching the job in a very professional manner - professionalism learned from many years of working in various jobs at Chili's and Jo Jo's Pizza Kitchens in Chino. Initially hired as a hostess at Chili's Restaurant when she was only fifteen she quickly advanced to a position as a Server. Six years later she was promoted to Assistant Manager where the chain's training really kicked in. We are benefitting from her corporate restaurant approach of "watching the numbers" – caring about cost of goods; managing overtime, purchasing practices that continuously shop for quality and price; diligent alcohol inventory management; awareness and comparison of past and present; and more.

Amanda grew up in Chino and was raised by loving grandparents. Her grandfather still resides in the original home and her best friend still lives across the street. She is happily married to Jeffrey McGrath who also has worked in the service industry for 23 years, since he was 17 years old. The couple lives in Chino and have 5 children – stepdaughter Katelyn (14); stepson Jaxon (13); Leila - Amanda's daughter (12); daughter Noel (5); and, daughter Valentine (9 Months). When asked what she does in her spare time she noted that family leaves her very little spare time but she is an avid "video gamer" and is determined not to be beaten by her son. She noted *"it is getting harder every day to beat him"*. She loves to read and after numerous college courses in religion, philosophy, politics and art she enjoys debating the day's issues. Crochet on rainy days and hiking the trails of Claremont and Upland in good weather fill the gaps within the spare time.

When I asked Amanda how she heard about the job at Canyon Lake she indicated that she saw an ad for the position on the on-line job search site "Indeed". She felt the job offered greater independent managerial responsibility than her position at Chili's, and it has enabled her to feel that she has achieved a satisfying level of success as a woman of the 21<sup>st</sup> century. She is appreciative of Chef Alex who has been a valuable resource to help her get to know the club members. She commented *"the guests of Chili's usually didn't frequent the same restaurant daily but Country Club Members are often in the restaurant several times a week and generally have higher expectations"*.

Why did I find her approach a little different from what we have experienced at the Country Club before? Amanda pointed out that the tone is set by her boss, Lynn Jensen and the directive is simple - *"improve Canyon Lake Property Values"*. She pointed out that the Country Club restaurant is accessible to the public and is often the first impression of our Community to the General Public. Raising the caliber and setting the bar as high as possible has been embraced by her key team members Chef Alex Arteaga, Manager Assistants Amy Homick and Cortland Karlesky and Banquet Manager Christina Barton. She noted *"It's all about being aware and coaching to get expectations accomplished, communicating with employees and never interrogating"*. She tries to keep the team on the same page and is quick to recognize good behavior. She urges the employees to not allow negativity to spill over to the guests. Behaviors and attitudes are changing and Amanda feels that people are happy.

When asked what might surprise us to know about her she was proud to note that Maddilicious, a well-known catering company in Riverside, CA often asks her to assist at prestigious banquets and charitable events. The experience has given her a better feel for high-level restaurant events and provides great networking opportunities. Good job Amanda. Keep it up.

**Did you know....**

**These rules were changed in 2019**

## **Rule 5      Playing the Round**

### **Rule 5.2      Practicing on Course Before or Between Rounds**

For purposes of this rule:

- Practicing on the course means playing a ball, or testing the surface on the putting green of any hole by rolling or rubbing the surface, and
- the limitations on practice on the course before or between rounds apply only to the player, not to the player's caddie.

#### **5.2a Match Play**

A player may practice on the course before a round or between rounds of a match-play competition.

#### **5.2b Stroke Play**

On the day of a stroke-play competition:

A player must not practice on the course before a round, except that the player may practice putting or chipping on or near his or her first teeing area and practice on any practice area. A player may practice on the course after completing play of his or her final round for that day.

#### **Rule 5.2b Interpretations:**

##### 5.2b/1 - Meaning of Completing Play of His or Her Final Round for That Day in Stroke Play

In stroke play, a player has completed his or her final round for that day when he or she will not play any more holes that day on the course as part of the competition.

- For example, having completed play in the first round of the first day of a two-day 36 hole stroke play competition, a player is permitted by Rule 5.2b to practice on the competition course later that day as long as his or her next round will not start until the next day.

##### 5.2b/3 Practicing May Be Allowed on Course Before a Round in a Competition that Covers Consecutive Days

When a competition is scheduled on a course over consecutive days and the Committee schedules some players to play on the first day and others to play on a later day, a player is allowed to practice on the course on any day that he or she is not scheduled to play his or her round.

## **Rule 12      Bunkers**

### **Rule 12.2a Removing Loose Impediments and Movable Obstructions**

- Before playing a ball in a bunker, a player may remove loose impediments under Rule 15.1 and movable obstructions under Rule 15.2.
- This includes any reasonable touching or movement of the sand in the bunker that happens while doing so.

#### **Rule 12.2a Interpretations:**

##### 12.2a/1 - Improvement Resulting from Removing Loose Impediment or Movable Obstruction from a Bunker

When removing a loose impediment or a movable obstruction from a bunker, sand is often moved as a result of removing the object, and there is no penalty if this improves the condition affecting the stroke if the actions taken to remove the loose impediment or movable obstruction were reasonable (Rule 8.1b(2)).

For example, a player removes a pine cone near his or her ball and improves the conditions affecting the stroke by dragging the pine cone away in a way that also removes a mound of sand from the area of his or her intended swing.

The player could have used a less intrusive way to remove the pine cone (such as lifting the pine cone straight up without dragging it behind the ball). Because his or her actions are not reasonable in this situation, the player gets a penalty (2 Strokes) for breach of Rule 8.1a (Improving the Conditions Affecting the Stroke).

## 5 Things You Need to Know about the World Handicap System

### 1. Your Handicap Index may change.

But that's okay! Finally, players around the world will have an apples-to-apples handicap. Your new Handicap Index will be more responsive to good scores by averaging your eight best scores out of your most recent 20 (currently, it's 10 out of 20 with a .96 multiplier). In short, your Handicap Index will be determined by your demonstrated ability and consistency of scores. In most cases for golfers in the U.S., it will change less than one stroke.

### 2. You need to know your Course Handicap.

In the new system, your Course Handicap will be the number of strokes needed to play to par. This will result in greater variance in that number and presents a change, as historically it has represented the number of strokes needed to play to the Course Rating. This is a good thing, as par is an easy number to remember. Target score for the day? Par plus Course Handicap. The Course Rating will now be inherent within the calculation to be more intuitive and account for competing from different tees.

### 3. Net Double Bogey.

The maximum hole score for each player will be limited to a Net Double Bogey. This adjustment is more consistent from hole to hole than the Equitable Stroke Control procedure. Net Double Bogey is already used in many other parts of the world and the calculation is simple: Par + 2 + any handicap strokes you receive.

### 4. Your Handicap Index will be revised daily.

One way that handicapping is being modernized is a player's Handicap Index will update daily (which will provide a fairer indication of a player's ability in the moment), if the player submitted a score the day before. On days where the player does not submit a score, no update will take place.

### 5. Safeguards in the new system.

The new system will limit extreme upward movement of a Handicap Index, automatically and immediately reduce a Handicap Index when an exceptional score of at least 7 strokes better is posted, and account for abnormal course or weather conditions to ensure that scores reflect when a course plays significantly different than its established Course Rating and Slope Rating.

## JACK AND JILL TOURNAMENT

Fifty-six golfers participated in the 2019 Women's Golf Club "Gobble Gobble" Jack and Jill Tournament on Saturday, November 23<sup>rd</sup>. Fourteen teams of four played a game where each was assigned to be a Turkey, Pilgrim, Pumpkin or Indian. The scores of two players were counted on each hole but they did not know which two scores would be used until they arrived at the next hole. After the tournament, players had dinner at the Country Club, followed by awards. Pat Kemball announced the winners:
