A LETTER FROM THE GENERAL MANAGER

As we look forward to spring, we are all getting excited for warmer, longer days and the fun community events that come with the spring and summer seasons. Our Canyon Lake POA team remains busy as ever with a full schedule of projects, events, and activities to benefit the membership.

On the project side, multiple projects are in full-swing construction mode, including the Solar Project, Lodge Renovation Projects, and Canyon Lake Drive South Medians (read more about our projects on page 10).

The Davis Stirling act, which governs all California HOAs, requires HOAs/POAs to maintain all the common area amenities. Additionally, this portion of the California Civil Code requires common interest developments like ours to maintain healthy reserve funds. Recent boards here have done a great job of saving money for these funds. The money for many of our projects is already in the bank, and thus will not require an increase to the membership's dues. I consider my primary objective to be modernizing and maintaining our 55-year-old community. This improves property values and quality of life, which benefits every property owner in our association.

Recently, we celebrated Canyon Lake's newest amenity, Vacation Park, with a ribbon-cutting ceremony. This new park features a bicycle pump track, playground, picnic area, and walking trails with fitness stations. We have seen children as young as three and adults well into their golden years enjoying the pump track together harmoniously. This project has been in the works for years, and it is incredibly rewarding to see how much everyone enjoys this new amenity.

As we move into the warmer months, we are excited to kick off our 2023 season at the pool. The pool opens on March 13, and our pool manager Jose Montano has a lot of great activities planned for this season. For example, Water Aerobics is returning but with a new name, "Aqua Fitness" and the class will feature new workouts. Jose and his staff are also working towards creating an online registration process for summer swim lessons. More information on summer swim lessons will be posted on the pool page, www.clpoa.com/pool, closer to May. There are also five great Movie Nights at the pool scheduled for this year.

Speaking of events, you won't want to miss our Fiesta Hopper over Memorial Day weekend. In 2022, we hosted our first Fiesta Hopper, an expansion on the traditional Fiesta Day celebration that has been running for over 40 years. Last year, the new multi-day AND multi-location setup was wildly popular. We'll bring it back strong again this year, with the traditional parade on Saturday and festivities planned at multiple locations throughout the community. I encourage everyone to follow the Fiesta website page www.clpoa.com/fiesta for event details, which will be updated frequently.

Our current Lodge Patio and Event Space project schedule shows us completing that area in time for this annual event - weather permitting. We're very excited about this complete makeover of our 23-year-old Lodge, and we expect to complete the interior work in three phases by the fall of 2023. The bar, restaurant, and Holiday Bay Room will remain functional throughout the construction.

Moving into a little bit of housekeeping, we are coming up quickly on registration season. If you have a boat or golf cart, you'll need to ensure your insurance policies are current and meet Canyon Lake POA's requirements (read more about this on page 14). If you own these types of vehicles, you should receive a notification letter with instructions. Please note that being both a lake and golf cart community means many of our members have these types of vehicles, making this the busiest season for our Member Services department. We ask that you have patience with longer than typical waits in our office during this time. Next, our next fiscal year is quickly approaching on May 1. The Annual Budget will be available online at www.clpoa.com/budget. Details about the annual assessment will be on the first page of the Budget. Lastly, I hope everyone enjoys this issue, and I look forward to seeing you at some of our upcoming events.

BOARD MEETINGS

Regular Session Board Meetings

Regular Session Board Meetings are scheduled for the first Tuesday of each month at 6 p.m. These meetings are held at the Canyon Lake Lodge and are also conducted on Zoom. Canyon Lake homeowners are welcome to attend these meetings in person or via Zoom. Members attending the meeting in person should bring their Canyon Lake POA ID card, as it is used to verify membership. Regular Session Board Meetings are broadcast live on the Canyon Lake POA Facebook page (www.facebook.com/canyonlakepoa) and are posted online at www.clpoa.com/boardmeetings. Meetings are subject to change. Visit our online calendar, www.clpoa.com/calendar, for the most current meeting schedule.

Executive Session Meetings

The Canyon Lake POA's Executive Session Board Meetings are closed-session meetings that are not open for the members to attend. The meeting schedule is posted on the Canyon Lake POA website.

* Regular Session Board meetings are recorded and available on the Canyon Lake POA website (www.clpoa.com/boardmeetings).

CANYON LAKE

PROPERTY OWNERS ASSOCIATION

ANNUAL MEETING & ELECTION

Intent to Run Forms due to CLPOA Corporate Office no later than 3 p.m. on March 2

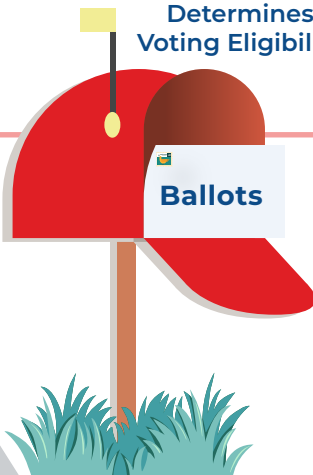

Candidate Orientation Meeting on March 3. Please no campaigning prior to this meeting.

Member of Record Date Determines Voting Eligibility

Election Signs may be placed in yards in accordance with the Election Sign Policy

Ballots mailed. Canyon Lake POA members can expect to see them in mailboxes within 3 business days

Last day recommended for members to return ballots via mail

Did You Know?

If there are not enough votes received by May 11, an alternate meeting is scheduled which is an added expense for the Canyon Lake POA.

For more information about the election visit www.clpoa.com/2023election

Annual Meeting of the Members & Election of Directors

If quorum is not met the alternate date will be May 13

POOL OPENS MARCH 13

Warm weather is on the way, and a great place to cool off is our beautiful junior Olympic-sized pool located adjacent to the Canyon Lake Lodge. The pool will open for the 2023 season on March 13!

SPRING POOL HOURS

March 13 - May 25

Lap Swim

Daily: 7 a.m. to 10 a.m.

Open Swim

Daily: 10 a.m. to 8 p.m.

SUMMER POOL HOURS

May 26 - September 3

Lap Swim

Daily: 6 a.m. to 10 a.m.

Open Swim

Sunday - Thursday: 10 a.m. to 9 p.m.

Friday & Saturday: 10 a.m. to 10 p.m.

POOL ACTIVITIES COMING UP

Aqua Fitness

Get into shape by joining our fun water cardio exercise at the pool, featuring new workouts this year! Classes will start after the pool opens. One class is \$2.50, ten classes are \$20, and unlimited classes (one month) are \$30 (rates subject to change at the beginning of the next fiscal year, May 1, 2023). Classes are sold at the pool office.

Swim Lessons

Swim lessons will be back this summer, and we are hoping to have online sign-ups this year! Check out the pool page www.clpoa.com/pool closer to April and May for lesson information.

Movie Nights at the Pool

Our popular Movie Nights at the Pool will return this year on five different evenings. These movie nights are fun and free activity for Canyon Lake POA members and their guests. Movies start at dusk. The schedule will be posted on the pool page at www.clpoa.com/pool.

POOL REMINDERS

A few things members should know about the pool to ensure a safe and enjoyable experience:

- Members must present a valid Canyon Lake POA member card and must be in "good standing" to use the pool.
- No more than six guests per tract / lot are allowed to use the pool at any one time. Guests are defined as any individual(s) who does not have a CLPOA card.
- Direct supervision of children under the age of five is required. An adult must accompany children under the age of 14 to the pool.
- There is a pool attendant but no lifeguard on duty, so be sure to keep an eye on inexperienced swimmers.
- All babies, toddlers, and incontinent adults must wear proper waterproof swim pants or briefs in the pool. The swim pants or briefs cannot disintegrate in the pool and must have waterproof containment to ensure leak-proof protection.
- No alcohol or glass is allowed at the pool.

The above rules are some of the most notable rules, however, all pool rules are posted at the pool and also in the Swimming Pool section of the Rules & Regulations and posted at the Pool.

Canyon Lake Woman's Club

In October 2022, the Canyon Lake Woman's Club celebrated a big milestone, its 50th anniversary. The Woman's Club is a non-profit, non-partisan philanthropic club founded in 1972. This club is one of the oldest and most active clubs in Canyon Lake, and its membership is made up of over 100 women ages 18 to 95. The Woman's Club is dedicated to enriching Canyon Lake and helping others less fortunate.

Its mission is to provide a gathering place for the women of Canyon Lake, to raise funds to help those in need, both individuals and other charities, and to provide scholarships to local students to continue their education after high school.

Through the years, the club's philanthropic endeavors have been in the form of annual Christmas donations of food and toys for families in need, scholarships, donations for community improvements, clothing collections for veterans, toy drives, and cash donations to various local organizations. This club was also instrumental in opening the Canyon Lake Library in 1989. The club established a financial sponsorship program to manage the development and growth of the library, paid the utility bills, and staffed it with volunteers before the library eventually became part of the Riverside County Library System. This club also provided a significant donation

for trees in the dog park at Eastport Park and a bench near the playground at Sunset Beach. The club has donated more than \$400,000 over the past ten years.

In 2021/22, the Woman's Club awarded \$18,000 in donations, with \$12,000 going towards local charities, including Animal Friends of the Valley, Arbor Hospice, Canyon Lake Community Theater, Canyon Lake Emergency Preparedness, Canyon Lake Family Matters, Canyon Lake Library, C.L.E.A.R., Duck Pond, Helping Hands, and Michelle's Place. Additionally, they awarded another \$6,000 in collegiate scholarships to Canyon Lake students.

The Woman's Club has also hosted a variety of community events in its long history. Years ago, the club raised funds through rummage sales and swap meets, bake sales, bridge marathons, and chili cook-offs, to name a few. Today, most of the money the Woman's Club raises is through a few annual events, such as their Fashion Show in April, Witches Gathering in October, and Holiday Home Tour in December.

To put on these events is a major production that involves months of planning and preparation, hours of meetings, and help from numerous volunteers. The money raised at these events allows the Woman's Club to give back to the community and help those in need.

Nine women serve on their Board of Directors, and several dozen women serve on various standing committees. The Woman's Club welcomes all Canyon Lake women. Annual dues are just \$20. The club holds monthly meetings on the third Wednesday at the Senior Center. Meetings are open for anyone who would like to visit and learn more about this club. For more information about this club or joining visit www.canyonlakewomansclub.com.

Long time member and community volunteer Joanna Spiller at a recent Canyon Lake Woman's Club meeting.

How It All Began

Canyon Lake Woman's Club First Officers from left to right, front row: Barbara Paris, Nanda Skinner, Marlene Lorde. Second row: Bebe Garcia, Edna Ingle, Emilou Barnes, Winnie Gibson, and Elaine Williamson.

The history of the Canyon Lake Woman's Club began more than 50 years ago when a group of women went door to door on the morning of October 18, 1972 waking up women to invite them to a 'come as you are breakfast'. That breakfast/meeting, resulted in the organization of the Canyon Lake Woman's Club, which started its objective as "promoting Canyon Lake property improvements, cultural interest, moral and public welfare and philanthropic services. There were 92 founding members in 1972. Nanda Skinner was elected the first president with powder blue and gold chosen as club colors and "Fun with a purpose" as the annual theme. Throughout the years, it has become a tradition for the new president to choose club colors and the annual theme.

LODGE RENOVATION

The Canyon Lake Lodge is considered the 'jewel of Canyon Lake'. The facility has a prime location boasting breathtaking views of the main lake. It hosts many community events, including Fiesta Day, the annual Tree Lighting Festival, Canyon Lake Car Show, Maui Sunday, and many club events. Inside the Lodge is the savory dining venue, The Lighthouse Restaurant & Bar, and multiple banquet rooms for community and private events.

While the Canyon Lake Lodge facility dates back to almost the community's inception, the original building was demolished and rebuilt in 2000, 23 years ago. Many of the finishes inside the building are original, making them 23 years old and, at this point, very worn and dated. The popular bar area was last updated in 2014, over nine years ago. The outdoor space has become an increasingly popular revenue center, with weddings and events on the front lawn. However, the great view of the lake was almost totally obscured by hedges and trees. Further, the facility offers limited indoor outdoor dining/bar areas. During Covid-19, we converted the existing outdoor sidewalk and patio into a dining area that turned out to be incredibly popular.

After two decades of HARD USE, we hired an excellent design team to coordinate a large-scale renovation at the Canyon Lake Lodge. A significant outdoor expansion is planned with a new outdoor service bar designed specifically to serve a much larger front patio dining area and event/wedding

space. Inside, the Lighthouse Restaurant, Bar and Lounge interior will be completely updated with all new finishes and furnishings.

Phase 1 of this exciting project started in February. This first phase focuses on the exterior patio and event space project along with the bar area. We currently have an ambitious schedule to finish the majority of the outdoor portion by May, weather permitting. A temporary bar is currently set up on the lounge/dance floor while the bar area is under construction. Phase 2 is the restaurant area, and Phase 3 is the lounge/dance floor. Dividing the project into these three phases allows the least disruption to the restaurant and bar functions so that they may remain open during construction. Our goal is to have this entire renovation complete by late fall 2023. The renovation will not affect concerts and events in the Holiday Bay Room.

These projects have been in planning for nearly five years. They only became a reality on January 3, 2023, when the Board approved the funding. Management immediately went to work value engineering (reviewing and cutting costs) and negotiating the best and final pricing with eight bidders. Construction costs were reduced by \$369,000 during this time, and the project began 36 days later. The building permits currently have expiration dates in August and September 2023. For more information about this project, visit www.clpoa.com/lodgereno.

PROJECT UPDATES

SOLAR PROJECT

A new solar project will soon deliver clean and renewable energy to some of our busiest facilities. Solar panels were recently installed at the Equestrian Center and in the Canyon Lake Lodge parking lot. Work will start later on a solar array at the Canyon Lake Country Club, which will provide shade and lighting over the driving range tee box.

These solar panels will generate over one million kilowatt-hours of clean energy annually and provide ample shaded parking options. Additionally, the project has no up-front cost for the Canyon Lake POA. Instead, the Canyon Lake POA will purchase the generated electricity at a much lower price than current rates. Additionally, we are locked in at these set rates for 25 years. The

annual rate escalation from Southern California Edison remains unknown, so this will guarantee that the Canyon Lake POA pays a fixed rate over the next 25 years. We expect to save in excess of three million dollars over 25 years. This project is expected to be completed by the summer of 2023. For more information, visit www.clpoa.com/solarproject.

CANYON LAKE DRIVE SOUTH MEDIAN PROJECT

Rendering of Canyon Lake Drive South Medians Design.

Canyon Lake residents and guests will soon enjoy a new first impression through the community's primary main gate entrance. Work is underway to bring new life into the 55-year-old medians on Canyon Lake Drive South. These medians, original to the community, were bare, and the large trees were uprooting the curbs and the streets. The Canyon Lake POA hired a landscape architect with extensive experience in center median design to create a new design for the medians that would improve the visual appeal of the desolate medians. Once complete, there will be new landscaping, trees and uplighting that accentuate the new landscape. Additionally, there will be a new left turn lane onto Bluebird Drive creating safer access and new curbing to eliminate the old mailbox turnout before Continental Drive. This project began in February and is expected to be completed by early summer, weather permitting. For more information about this project, visit www.clpoa.com/projects.

DID YOU KNOW...

The Davis Stirling act, which governs all HOAs in California, requires that the Canyon Lake POA maintains a reserve study and healthy reserve funds. The Canyon Lake POA's boards have done a great job of this in recent years, and the money for many of these projects is already in the bank. The Davis Stirling act also requires the Canyon Lake POA to maintain all of the common area amenities. This is one of the Canyon Lake POA's primary obligations. All of this helps maintain healthy property values here in Canyon Lake, and helps modernize this 55-year-old community.

HOME SAFETY REMINDERS & TIPS

by Security Advisory Committee

HOME SECURITY

Home security systems are an important tool that can keep you and your family safe. But there are a lot of options that can leave buyers confused! Fortunately, CNET has put the leading security systems to the test to help consumers, visit www.clpoa.com/homesecurity.

CYBER WELLNESS

Exhibit good cyber hygiene by changing your passwords regularly, create passwords with 16 characters and use two-factor authentication. Take advantage of password-managing apps like 1Password, LastPass and Bitwarden, these apps can create and store random, computer-generated passwords to further increase your security. Don't share your passwords with anyone and don't leave them lying around for others to see.

GOOGLE MAP BLUR

Did you know that anyone can examine your home through Google Maps' Street View, creating the opportunity for anyone to examine your home? They could be looking for cameras or even access points. Fortunately, there is an easy way to blur your home on Google Maps and help prevent others from seeing too many details of where you live. Visit www.clpoa.com/blurmyhome for instructions.

NIGHTTIME ROUTINE

Most vandalism occurs during the night while people are sleeping and there is less surveillance. Creating a night time routine ensures your home, vehicles and belongings are secure can reduce your chances of being a victim.

Before you turn in for the night, these are some great habits to start:

- Get your mail from the mailbox
- Take valuables out of your car
- Lock your car
- Turn on exterior house lights
- Lock and secure your home

CANYON LAKE POA SECURITY ADVISORY COMMITTEE

The Canyon Lake POA's newest committee, Security Advisory Committee, was recently appointed in August 2022. This committee has nine Canyon Lake POA members with diverse backgrounds ranging from law enforcement, loss prevention, and safety to health, aerospace, and contract management.

- Rich Fransik (chairperson)
- Ken Ross
- Greg Castillo
- Jeff Bill
- Darryl Jackson

- Rick Escobar
- Chris Hickok
- Tony Schwarzman (alternate)
- Cathy Lekawa (alternate)
- Bill Van Vleet (Board liaison)
- Amanda Moore (staff liaison)

Boats Speeding

ALWAYS CALL/TEXT 9-1-1 IN AN EMERGENCY!

Always call or text 9-1-1 if you can not call if any life is in danger, violence is being used/threatened or a crime is in progress.

TIME FOR REGISTRATION

Our next fiscal year is quickly approaching (May 1), and it is the perfect time to make sure your boat and golf cart insurance policies are up to date and meet Canyon Lake POA's requirements.

MOTORIZED BOATS

All motorized boats (including those powered by electricity) are required to provide insurance upon registration. The Canyon Lake POA's requirements are very specific, which can be confusing for members. We recommend contacting your agent to request a copy of your policy's "Declaration Page" which identify the following requirements:

1. Policy number and expiration date of policy
2. Eligible member as "Name Insured" on policy (Prime, Associates, Lessees with Privileges)
3. Description of boat
4. \$300,000 minimum liability coverage per occurrence
5. Canyon Lake POA named as an "Additional Insured" with our full address of: 31512 Railroad Canyon Road, Canyon Lake, CA 92587

GOLF CARTS

Proof of insurance is required to register any golf cart. Owners can obtain golf cart insurance through an automobile or homeowner's policy. Unlike boat insurance requirements, no minimum liability coverage or additional insured clause is required. The document will need to detail the following:

1. Member listed as "Name Insured" on the policy
2. Policy number and expiration date

What is "Additional Insured"?

The Canyon Lake POA requires that it be added as an additional insured on the boat policy. An additional insured is an organization or person that is extended coverage through the member's policy in the event of an accident. Some insurance companies cannot use this exact term but will use a similar one that will afford the Canyon Lake POA the same liability coverage.

For more details on your insurance company and the accepted terminology, please contact Member Services at 951.244.6841 x310 and our friendly staff will be happy to assist you!

CANYON LAKE CAMERA PROGRAM

HELP SOLVE CRIMES

PLANNING EVENTS IN CANYON LAKE

STEP BY STEP GUIDE

The Canyon Lake POA fosters and promotes celebrations throughout the community, but as with any organization, we must ensure events held at our facilities follow ordinances set in place by other agencies such as the City of Canyon Lake, Riverside County Health Department and Alcoholic Beverage Control (ABC) to name a few. The following is a guide towards navigating through the process of planning an event in Canyon Lake. This guide can also be viewed online at www.clpoa.com/eventplanning.

RESERVABLE FACILITIES

- Canyon Lake Country Club
 - Dining Room
 - Patio
 - Magnolia Room (newly remodeled)
- Canyon Lake Lodge
 - Holiday Bay Room
 - Pool View Room
 - Sunset Beach Room
 - Private Dining Room
 - Front Lawn
- Eastport Activity Room & Snack Bar
- Holiday Harbor Park Amphitheater, Pavilions, & Snack Bar
- Indian Beach Pavilions & Stage
- Roadrunner Park Pavilion
- Sierra Park Pavilions

SCHEDULING POLICY

Each member, club, group, or organization may schedule one facility up to two times per month for functions and events. Reservation requests may not be submitted for any Canyon Lake POA recognized holidays.

- **Members:** Private events may be scheduled one year from date of their event.
- **Sanctioned Clubs:** Annual calendar scheduling of sanctioned club functions and events begins the first Friday of September, for the following calendar year.
- **Activity Groups:** Annual calendar scheduling of activity group functions begins January 1 of the current calendar year.

Please note, per the Canyon Lake POA Rules (GR.2.19) recreational facilities may not be used for commercial purposes. View full rule online at www.clpoa.com/rules.

STEP 1: PICK YOUR VENUE

- **Canyon Lake Country Club**
Contact: Country Club Manager
The Canyon Lake Country Club offers a beautiful setting for any event. The Country Club's dining room and outdoor patio can be closed off for an event or you can reserve the newly remodeled Magnolia Room located on the lower level of the facility. For more information, email pdelavega@canyonlakepoa.com.
- **Canyon Lake Lodge**
Contact: Lodge Manager
The Canyon Lake Lodge is a beautiful venue tucked away inside Canyon Lake. The facility offers breathtaking views of the lake and a large lawn that overlooks the lake. Indoors, the Lodge has multiple banquet rooms for any size reception. The Lodge also features in-house catering from the Lighthouse Restaurant & Bar, dressing rooms, and a stage. For more information, email lflores@canyonlakepoa.com.
- **Canyon Lake Parks**
Contact: Activities Department
Canyon Lake has five beach-side parks with reservable areas, Eastport Park, Holiday Harbor Park, Indian Beach, Roadrunner Park and Sierra Park. For more information visit www.clpoa.com/parkreservations.

STEP 2: MAKE RESERVATION

Once you have selected your venue, you will need to contact the appropriate department to confirm availability to reserve the venue. Both the Country Club and Lodge have online banquet request forms posted at www.clpoa.com/eventplanning. Members interested in making a reservation at a park or any clubs/activity groups should contact the Activities department at 951.244.6841 x610 or activities@canyonlakepoa.com.

STEP 3: GET PERMITS & INSURANCE

Once your reservation is confirmed with the Canyon Lake POA, you may need the following permits/insurance.

- **City of Canyon Lake Special Event Permit**
Events with over 50 people must obtain a Special Event Permit from the City of Canyon Lake at least 30 days in advance of the event. For more information about this permit visit www.canyonlakeca.gov/specialevents.
- **Alcohol Beverage Control (ABC) Permit**
If there will be alcohol sold at your event you must obtain an ABC Daily License permit at least 30 days in advance of the event. Only 501c3 organizations may get a daily ABC permit. For more information about this permit visit www.abc.ca.gov/licensing.
- **Riverside County Health Permits**
If there will be vendors on-site selling food to the public you must obtain a health permit with the Riverside County 30 days in advance of the event. Additionally, any vendors must also have a health permit with the Riverside County. For more information about this permit visit www.rivcoeh.org/ourservices/foods.
- **Special Event Insurance**
Special event insurance may be required for large special events open to the community that have vendors that sell goods and services.
- **Vendor Insurance**
All vendors must add the Canyon Lake POA as an additional insured. Certificate of Insurance must be submitted to the Activities department 30 days in advance of the event.

STEP 4: PROVIDE EVENT DETAILS

- **Submit Event Details For Promotions**
Clubs/organizations planning a community event may submit event details to the Canyon Lake POA's Communications group for promotions by completing the Community Event Support Request Form posted online at www.clpoa.com/eventplanning. This form must be completed 30 to 90 days in advance of the event depending on the amount of support required.

- **Final Event Layout**

Provide the final event layout to the Canyon Lake POA at least 15 days in advance of the event. Community and/or club events may require event support staff. Event support staff is determined by the Canyon Lake POA.

Staff Support Rates:

- Set Up & Break Down Event Staff Rate: \$50 per person, per hour (*fiscal year 2022/23 rate**)
- Community Patrol Event Staff Rate: \$37.50 per person per hour (*fiscal year 2022/23 rate**)
- Marine Patrol Event Support: \$37.50 per person per hour (*fiscal year 2022/23 rate**)

- **Copy of All Permits & Insurances**

Provide a copy of all insurances and permits to the Canyon Lake POA at least 15 days in advance of the event.

- **Pay Final Event Related Fees**

All event related fees must be paid 15 days in advance of event.

**The Canyon Lake POA fiscal year runs May 1 through April 30. Rates are subject to change each fiscal year.*

SEASONAL LAKE MIXING

Canyon Lake in Autumn

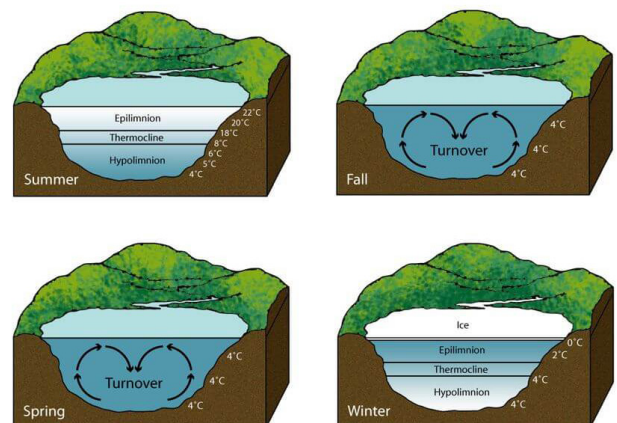

Did you know that twice a year, unseen forces churn water from the depths of our deeper lakes and deliver oxygen and nutrients essential to aquatic life? This temperature-driven process of lake “turnover” allows aquatic life to inhabit the entirety of the lake as oxygen becomes more available. Without this natural process, our lake would not have the vibrant and dynamic ecosystems we see today.

WHAT IS LAKE TURNOVER?

Lake turnover is the seasonal mixing of the entire water column. For many lakes deeper than 20 feet, distinct, thermally stratified layers of water form during the summer. These layers prevent the lake from mixing and aerating.

Warmer and less dense water floats on the top of cooler, denser water at the bottom. Temperature layering begins to weaken when outside temperatures cool. This allows the lake to mix when temperatures equalize throughout the water column. Meaning, water from the bottom of the lake rises to the top, and water from the top of the lake sinks to the bottom. The process allows for oxygen to be replenished and nutrients to be distributed throughout the lake.

Lake Turnover

WHY DO LAKES STRATIFY?

Water is unique in the way it changes density at different temperatures. Unlike almost all other liquids, water is most dense at 39 degrees Fahrenheit (4 degrees Celsius), and is lighter at both warmer and colder temperatures. In other words, when water reaches the critical temperature of 39 degrees Fahrenheit, further cooling causes the water molecules to become less dense and rise to the surface. This unusual characteristic allows water to form distinct layers within an otherwise uniform liquid. This phenomenon explains why ice forms at the surface and does not sink.

HOW AND WHEN DOES LAKE TURNOVER HAPPEN?

Due to seasonal changes in sunlight intensity, surface water temperature begins to transition in the spring and fall. In the spring, the water surface warms. This causes the temperature of the top and bottom layers of the lake to equalize. This new equilibrium breaks the thermal stratification, and the lake is able to mix. Oxygen from the surface mixes with the bottom, while nutrients trapped near the bottom are free to mix throughout the lake. This is why, sometimes, in the spring and

fall the lake can appear unpleasant or muddy. Decomposing organic materials are churned up from the bottom of the lake, bringing a signature sign of lake turnover.

Similarly, turnover happens again in the fall. The distinct layers established over the summer disappear as the top layer of the lake cools, and temperatures equalize. The lake is once again able to refresh nutrients and oxygen. Later, when temperatures stabilize, it becomes stratified through the winter, until spring.

WHAT DOES THIS MEAN FOR OXYGEN LEVELS AND LAKE HEALTH?

Oxygen is most commonly depleted at the bottom of the lake by bacteria. The bacteria consumes dead algae that sinks to lake floor.

If oxygen is not replenished, the amount of viable habitat for fish would drastically decline. Hypoxic zones or dead zones are areas of low oxygen. These zones are only suitable for certain bacteria. The biannual cycle of lake turnover is essential in mitigating the negative impacts of low oxygen dead zones and providing suitable habitat for fish and aquatic organisms to thrive.

EVMWD TURF REPLACEMENT PROGRAM

- REBATES UP TO \$2.25 PER SQUARE FOOT -

Did you know that all Elsinore Municipal Valley Water District's (EVMWD) customers are eligible to apply for the Turf Replacement rebate? The program provides customers with a rebate for removing turf grass, which requires more water and maintenance than water-wise landscapes.

"There are so many attractive, water-wise landscaping options to replace turf with," said Water Use Efficiency Specialist Haley Munson. "These landscape alternatives require less maintenance and water than grass, and they also help our customers save when it comes to their water bills."

Removing turf grass is one of the most water-wise choices customers can make to reduce their outdoor water use and associated costs.

The Turf Replacement Program uses a multi-pronged approach to maximize water savings through combining turf removal, irrigation modification and rainwater retention or filtration to support reuse or soil absorption of rainwater.

About the Turf Replacement Rebate Programs:

- Visit www.evmwd.com/conservation for full details and to fill out an application
- Rebates up to \$2.25 per square foot for up to 5,000 square feet are available (funding is limited, apply today!)
- Artificial and synthetic turf is not eligible for rebates.

- Customer projects must include three plants per 100 square feet of area transform, a stormwater retention feature, only permeable hardscape, and replacement or modification of overhead spray sprinklers
- Customers will be contacted once application is approved
- Funds are allocated on a first-come, first-served basis until the funds are no longer available

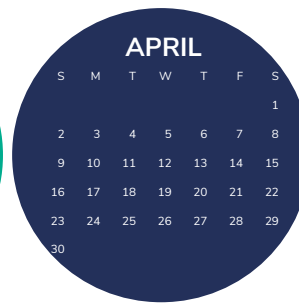

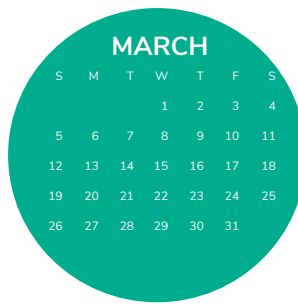

In addition to the turf replacement rebate program, EVMWD offers its customers several other rebates to help them maximize water savings, including rebates for sprinkler nozzles, weather-based irrigation controllers, toilets, rain barrels, washers and more.

This program is funded in partnership with the Metropolitan Water District of Southern California.

EVMWD provides service to more than 159,000 water, wastewater, and agricultural customers in a 97-square mile service area in western Riverside County.

For more information, contact EVMWD's Water Use Efficiency Specialist Haley Munson at 951.674.3146 x8247, or hmunson@evmwd.net.

Calendar of Events

March

March 4

Gardner's Club Harvest Trade Event
Sierra Park | 10 a.m. - 12 p.m.

March 5

Lions Club Bingo
Senior Center | 1 p.m. - 3 p.m.

March 7

Regular Session Board Meeting
Canyon Lake Lodge | 6 p.m.
www.vm.clpoa.net

March 11

Canyon Lake Car Club's
Cars & Coffee
Sierra Park
8 a.m. - 10 a.m.

Family Matters Club

Lucky Duck Derby
Canyon Lake Pool
3 p.m. to 5 p.m.
Limited Capacity - Invitation Only

March 13

Pool Opens!
Visit www.clpoa.com/pool for hours
& activities.

March 19

Lions Club Bingo
